Greedo The Younger

Greedo gets no love from Episode IV or Epic Duels. Be that as it may, this rascally rodian is second only to Boba Fett on getting the drop on Han Solo. That's got to count for something. What we know about Greedo in the expanded universe is that he's a misguided and frustrated youth, out to conquer a universe that is out to get him.

Greedo the Younger is the Greedo he was so close to becoming when Han fried him. For him this bounty hunting business is full of trepidation, so Greedo approaches all situations cautiously. But when he's called out, he's got more than enough to stand up in a fair fight.
